Our Company

With more than 20 years of experience, Pasific Harvest has been there to provide excellent quality services.

A strong commitment.

CV. Pasific Harvest has earned a reputation for high quality canned food and outstanding service for the last two decades. As well as fish oil. Pasific Harvest was founded by Aminoto and was established in 1993. Our present capacity are 200 tons of fish per day and our goal is to double the capacity every year.

CV. Pasific Harvest is an industry that has been focused on the manufacturing of seafood products such as: canned sardines, canned mackerels, canned tuna, frozen fish (seafood), and fish flour as well as fish oil. The company has grown very rapidly at that time as a result of a strong commitment. With three manufacturing plants that have been built on top of approximately 6 hectares of land, CV. Pasific Harvest has a manufacturing capacity of 200 tons of fish per day.

CV. Pasific Harvest has a policy and strong commitment to prioritize customer satisfaction, produce good quality products, provide reasonable price and on time delivery. We will continue to improve our quality management system. All stages in our production processes are thoroughly inspected and controlled with the purpose that our product quality, in every stage can be ensured to comply with customers' requirement.

Our mission is to produce a strong brand perception in the market, and to produce the best quality of taste in our products, improve productivity, produce quality products with consistency that is safe to be consumed, to build professional human resources, to increase profitability for to serve employees and public for better lives.

For years, we have been providing our customers with outstanding value and we have been successful in producing reliable canned sardines, mackerel, and tuna for countries around the world. Whether you are looking for canned sardines in sauce tomato, sauce tomato chili, olive oil, palm oil, or just plain good sardines, mackerel, and tuna to spice up the consumer's appetite or your business profit, CV.Pacific Harvest (PH) may just be the key to your quest.

Our Products

Sardines in Round Can (155g and 425g)

Our canned sardines are made from fresh sardines (SardinellaLongiceps) caught from Bali Strait, Java Sea, or Hindia Ocean. The whole and fresh sardines are selected, cleaned, washed, canned (based on customer requirements) and cooked, respectively.

After cooking, the products receive appropriate measure of certain ingredients such as tomato sauce, Chili sauce, and more. All of the ingredients are selected only based on the level of quality and freshness. Sealed products are carefully sterilized and given final quality inspection before it reaches to the customers.

You are free to customize your own order. Most of our customers customize their orders. Now ordering your canned sardines is as easy as 1-2-3.

1. Step 1 - Choose the size and type of tin you prefer (125g, 155g, or 425g) and customize your own label and carton.
2. Step 2 – Customize your own flavor and ingredient
3. Step 3 – Select Delivery timetable and we will process your order right away.

All you have to do is to tell or list down your requirements and our sales are guaranteed to be available 24/7 for any question that you have.
