

Company Introduction

Acrylic Factory was founded in the year 2015 in Doha, the capital city of Qatar. Backed by renowned name in financial industry Qatar Development Bank under the leadership of Mr. Mansour Al Qassabi. The organization enjoys great financial strength and optimum alignment of operations vis a vis industry requirement. Acrylic Factory is first and only in its product class in Qatar for manufacturing of thermoplastics sheets.

The manufacturing facility is located in New industrial estate. We are well connected by road with GCC while Hamad sea port and airport are within range of 10 kilometers adding an easy accessibility for global customers.

Equipped with state-of-the-art extrusion lines from one of top supplier, Acrylic Factory offers a wide variety of thermoplastic sheets conforming to international standards. Our highly skilled and experienced staff ensures that all our products maintain the highest levels of quality at all times and orders are executed on schedule, each time.

Our product portfolio includes following sheets

- 1- Polycarbonate (PC)**
- 2- Acrylic (PMMA)**
- 3- Polystyrene (GPPS)**
- 4- SAN, HIPS & ABS**

in various thickness, colors and surface designs. Apart from standard sizes, we welcome good orders in custom sizes and thickness.

Acrylic Factory products are widely used in various applications like construction industry, roofing's, advertisement and general signage's, lighting, paneling, thermoforming [Shower trays, Bath tubs etc. We have a wide network of customers and spanning GCC to countries in Europe, Africa, Middle East, Asia Pacific and India who have been with us and can promise for our reliability in quality and delivery.
