## ABOUT US

Established in 1999, Al Jareh Contracting & Marketing has been involved in civil works, vinyl floor finishes, sports and playground related installations across the Kingdom of Bahrain.

We take pride in our successful installations and work across various public, educational, residential, medical and urban planning sectors over the years and intend to help change the landscape of the region by creating awareness in both inclusivity and sustainability with our wide range of inclusive and green products.

Our goal is to work closely with our clients and assist them during all the stages of their project and together create unique spaces around the region.

## VISION

Our goal is to work closely with our clients and assist them during all the stages of their project and together create unique spaces around the region

## MISSION

Al Jareh was founded with an aim to remain at the forefront of our industry and create smarter spaces that help clients navigate new demands within their field.

Our full-service, in-house team works together to meet the unique demands of each project. This rigorous collaboration allows us to bridge smart design with precise functionality.

## VALUES

Today, we are recognized as a pioneer in adopting and standardizing the latest advancements in our field.

# OUR HISTORY TIMELINE

1999

Year of establishment . Main services provided were construction of residential villas and playgrounds, partnered with Miracle recreation . Services branched out into sports flooring for public schools and government sports agencies partnered with LG flooring and Sports Technology for PU floors.

2010

Expansion of services to ceiling works at medical facilities partnered with Armstrong ceilings . In addition, successfully completed various projects in flooring .

2009

Further growth in flooring sectors to commercial and residential flooring partnered with Armstrong flooring . Collaborated with Soflex for rubber floor installation for private projects .Sports equipment supply and install for public and private schools partnered with Lausin y Vicente and Decan sports

2020

Major achievements in playground design and build sector including rubberized flooring , outdoor fitness equipment , inclusive equipment and elderly fitness equipment . New partnership with HAGS , Agapito , Interplay , PAG and Melos flooring .

2020 - PRESENT

Major public parks completed and handed over as part of Bahrain's 2030 initiative . Additional services such as Artificial grass, Interior finishes and civil maintenance works introduced and executed . Projects ongoing in areas related to Acoustic wall panels , ceilings and fire rated partitions in partnership with Knauff .
