# T HOUSE OVERVIEW

أسطورة مكعب

# PRODUCT ADVANTAGES

أسطورة مكعب

### ATTRACTIVE APPEARANCE

he columns installed inside enable the neat appearance.

### HIGH PERFORMANCE

By adopting the splicing of wall panels, the building has excellent thermal and sound insulating performance.

### ECO-FRIENDLY

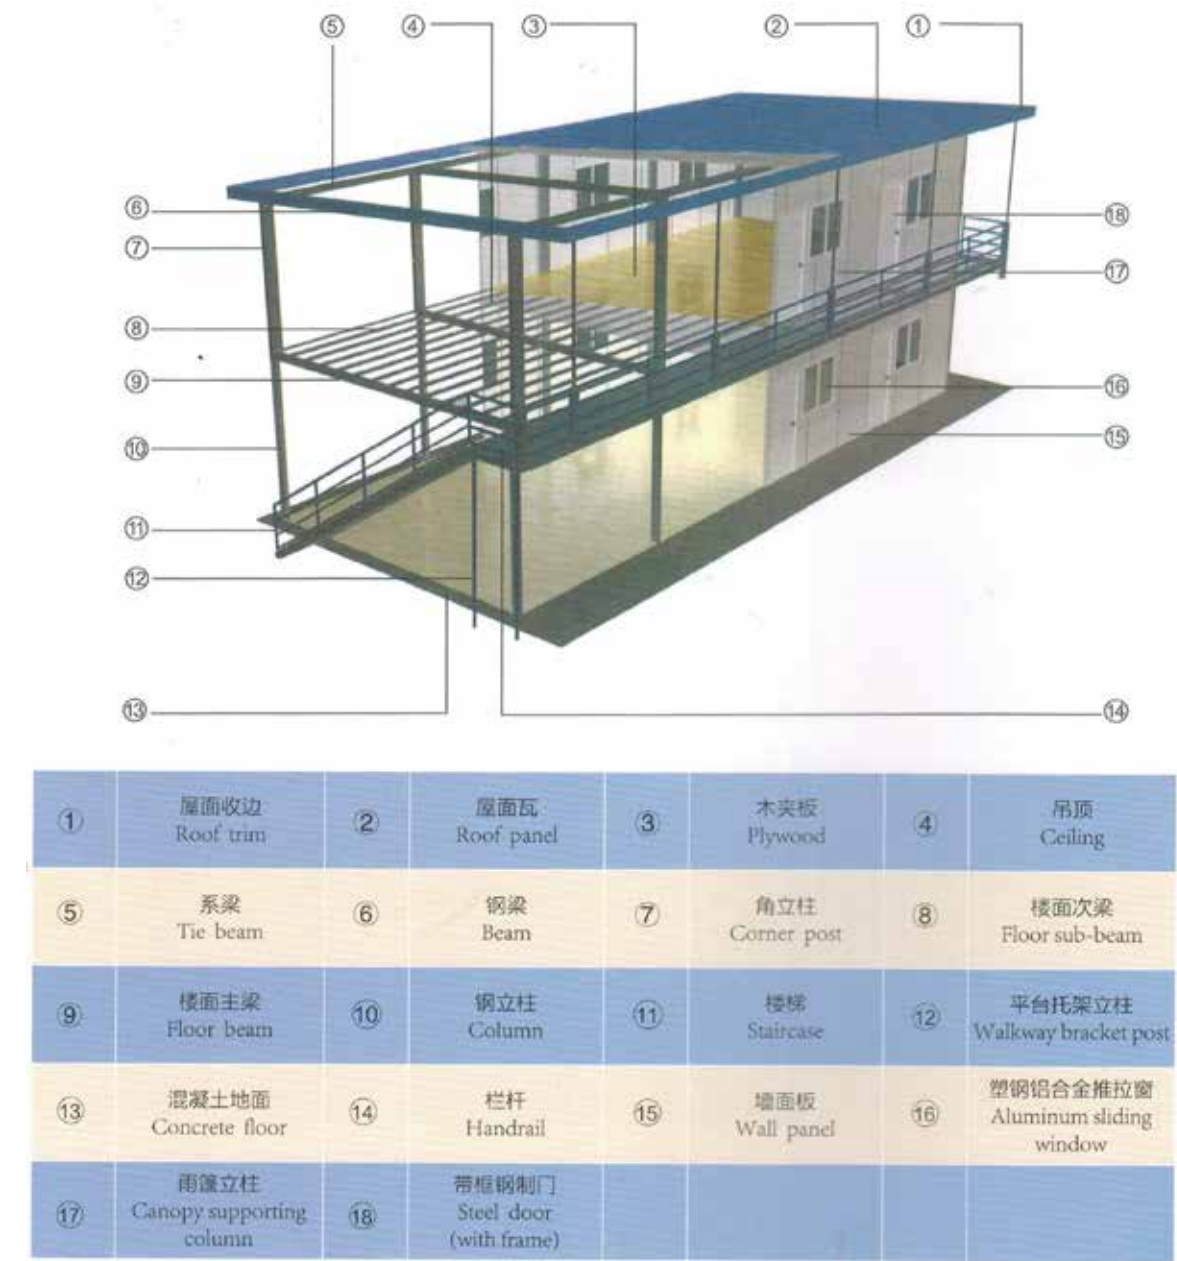

Prefabricated panel minimize the construction waste and boost the environmental protection.

### EASY TRANSPORTING

Highly movable components reduce the hustles in transportation.

## LIGHT STEEL STRUCTURE

أسطورة مكعب

Portal Frame Structure building is a type of light-weight steel structure product. The main structure is formed by H-Profile, M-Profile and C-Channel components with bolt connection. It could reach overall span from 12 to 18 meters in length and recommended height 3.5 to 6 meters.

Every unit is combinable to create an even larger space. Compared with traditional ones, our product has the advantages such as delicate structure, easiness to move and install and the friendliness of environments. Our product could last for 50 years. Our clients apply our product in plants, warehouses, exhibition centers, temporary hospitals and auto repair workshops.

## COLOR STEEL SHED

أسطورة مكعب

The color steel processing is welded by light steel structure system, and the roof is covered with color steel veneer, which is composed of welding, bolt and the connection of tapping nails. Can be industrialized production, turnover use, to achieve a steel structure greenhouse environmental protection, fast and efficient construction concept.

## SENTRY BOX

أسطورة مكعب

The Mini Shed is one of our small scale products and is widely seen in the construction site, commercial block, dwelling block, public area. This product can be used as the guard house, convenient store, logistic transit hub, police station, ticket office and etc. The Mini Shed has the advantages such as simple structure, attractive appearance, portability and etc.

# FENCE

أسطورة مكعب

This thin iron sheet fence is made of high-quality galvanized iron, offering excellent rust and corrosion resistance. Its simple and elegant design makes it suitable for gardens, construction sites, and residential yards. Easy to install and durable, it effectively protects your private space while maintaining a pleasing appearance. Choose this fence to make your life safer and more comfortable.
