Our Story

KNAM Foods Private Limited embarked on its journey under the exceptional leadership of its founder, industry veteran Mr. Vijender Kumar Goel. Carrying forward his legacy, his son, Mr. Amit Goel, expanded his vision, positioning KNAM Foods as a leading Miller and Exporter of premium-quality basmati rice across global markets.

With a deep understanding of century-old cultivation practices, KNAM Foods takes pride in delivering rice that embodies natural goodness and authentic taste. Committed to supporting farmers, we seamlessly integrate the latest automated Japanese technology into our milling plants.

From the finest paddy fields to the plates of end customers, KNAM Foods remains at the forefront of technology to ensure the highest quality rice production. This commitment has strengthened our presence in key markets such as the Middle East, the US, and Europe, among others. Our most sought-after rice varieties include basmati rice, along with pesticide-free and low-GI options, catering to the growing demand for healthier, premium-quality products.

Our Premium Basmati Rice

Pesticide-Free Rice

EU and US compliant KNAM's pesticide-free rice is the superlative choice for health-conscious end- customers. This variety is grown without any chemicals and under sustainable farming practices that not only promote better health but also support the well-being of Mother Nature. Like all our varieties, KNAM's pesticide-free rice retains its natural nutrients and flavor, ensuring a wholesome and delicious meal every time.

Shahi Khidmat

Shahi Khidmat Basmati Rice is an elegant, long-grain variety native to the fertile soils of the Himalayan foothills. The grain elongates up to 18-24 mm, offering a fluffy, non-sticky texture and a rich aroma when cooked, making it the most cherished rice for mouth-watering biryani dishes. This exceptional variety launched by KNAM is the outcome of a unique blend of nature, technology, and 35 years of deep expertise in the rice industry.

مهتارما Mohtarma

Another exquisite variety of premium long-grain Basmati rice is Mohtarma. The grains undergo a slow aging process. Mohtarma rice offers a delicious taste and an eye-soothing presentation when served as biryani, pilafs, or pulao. Its sleek and feathery texture results from meticulous aging, and it is harvested with the utmost delicacy to preserve its premium quality.
