International Awards

## Recognition of Excellence and PONS Values

At PONS, we strive to maintain the perfect balance between tradition and advanced technology. Our JANIROC oils are crafted from unique varieties, the result of our research program, and extracted in state-of-the-art facilities that ensure the highest quality.

This approach reflects our commitment as a family business, preserving tradition while embracing innovation (R&D&I) and exclusive extraction technologies that highlight the best of each olive.

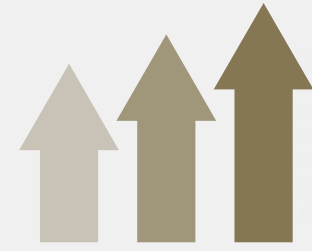

With these recognitions, we reaffirm our position at the forefront of the sector, with a strong presence in over 100 countries and a deeply rooted identity in the territory of Lleida, the cradle of the Arbequina olive and an unparalleled gastronomic treasure.
