

The joy
of climbing

We help Investors develop their land in an attractive way.
We work comprehensively from design to implementation:

- all devices leaving our factory comply with EN 1176,
- experience built since 2008,
- we use over 80,000.00 m of rope per year,
- over 2000 completed investments,
- the tallest structure built measures 12m,
- the longest structure built measures 52m.

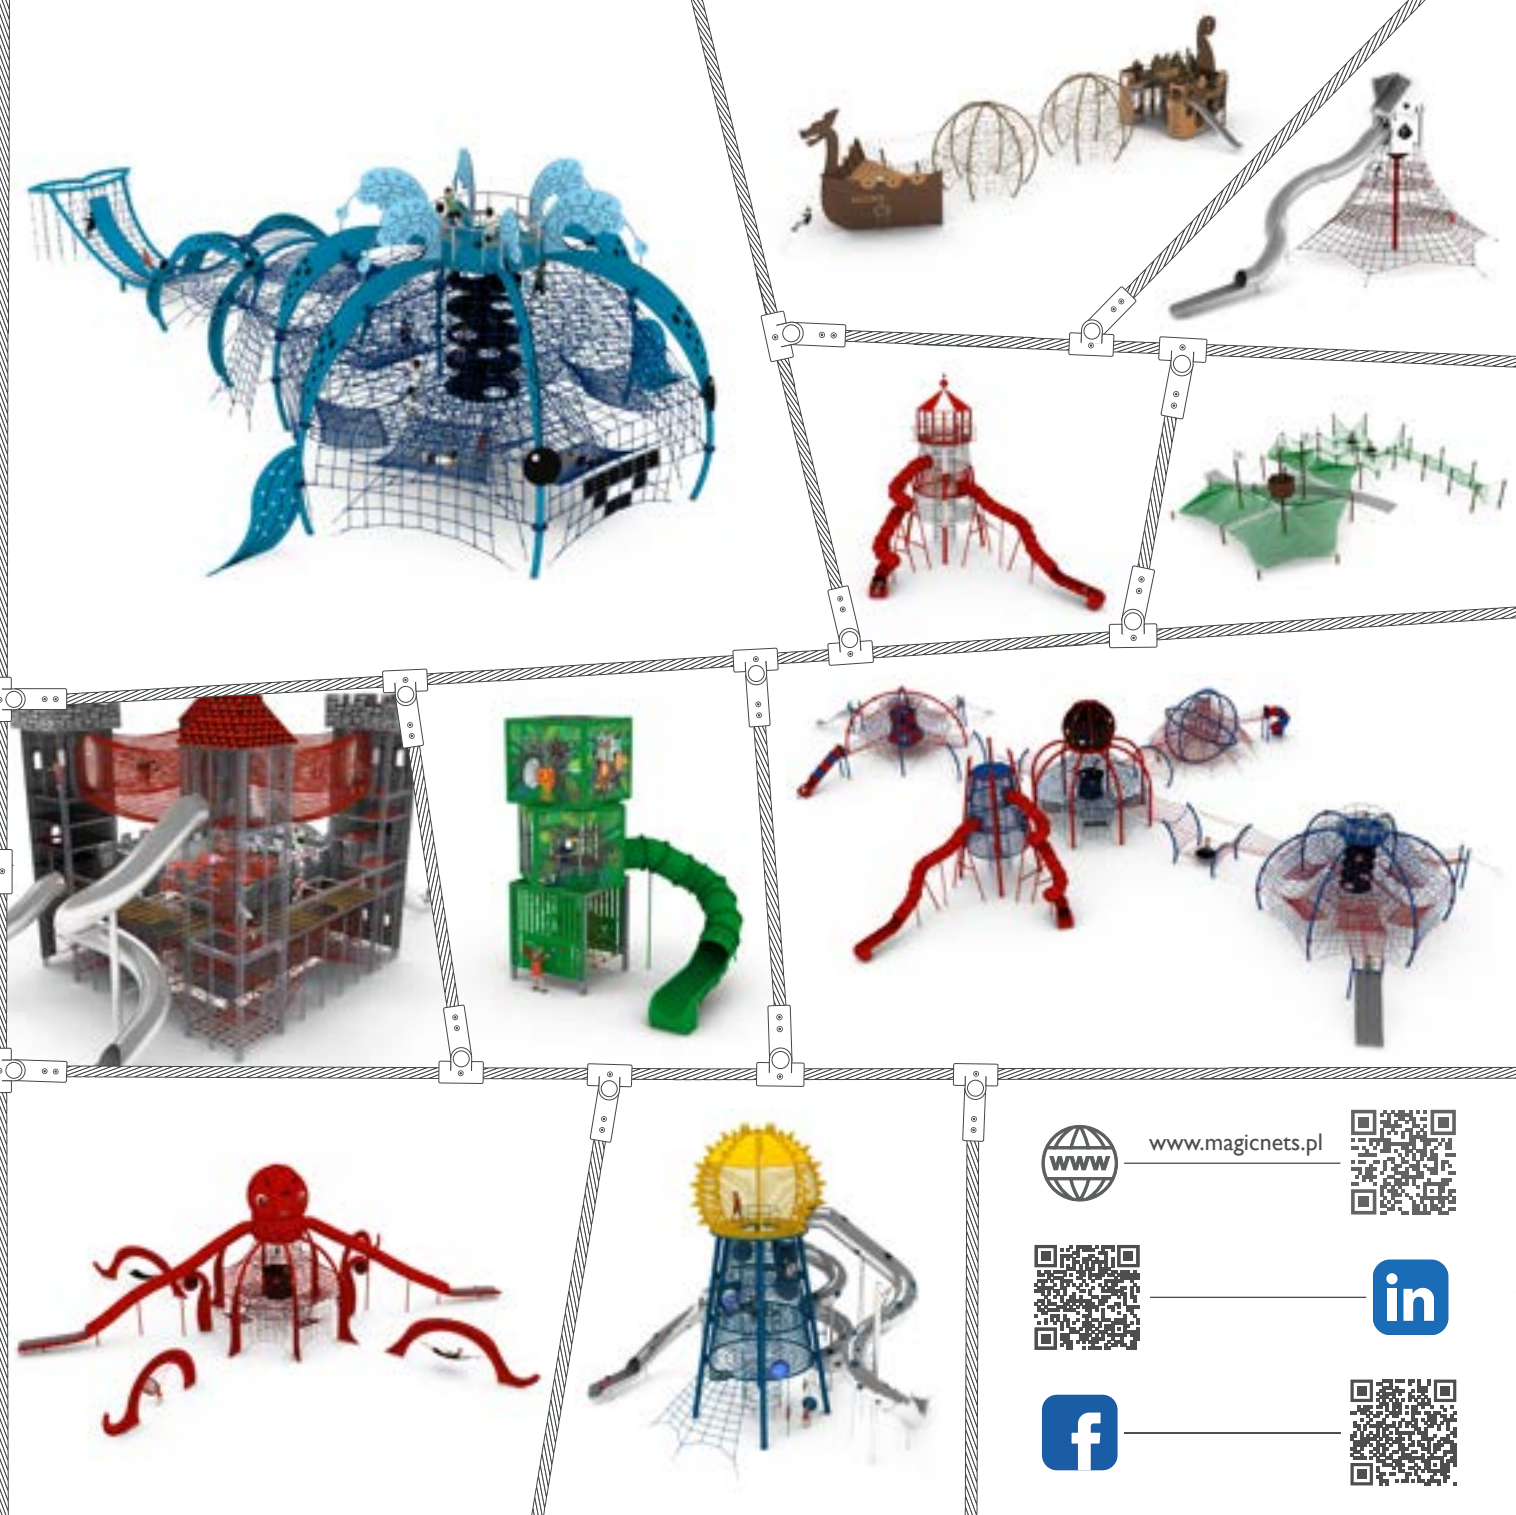

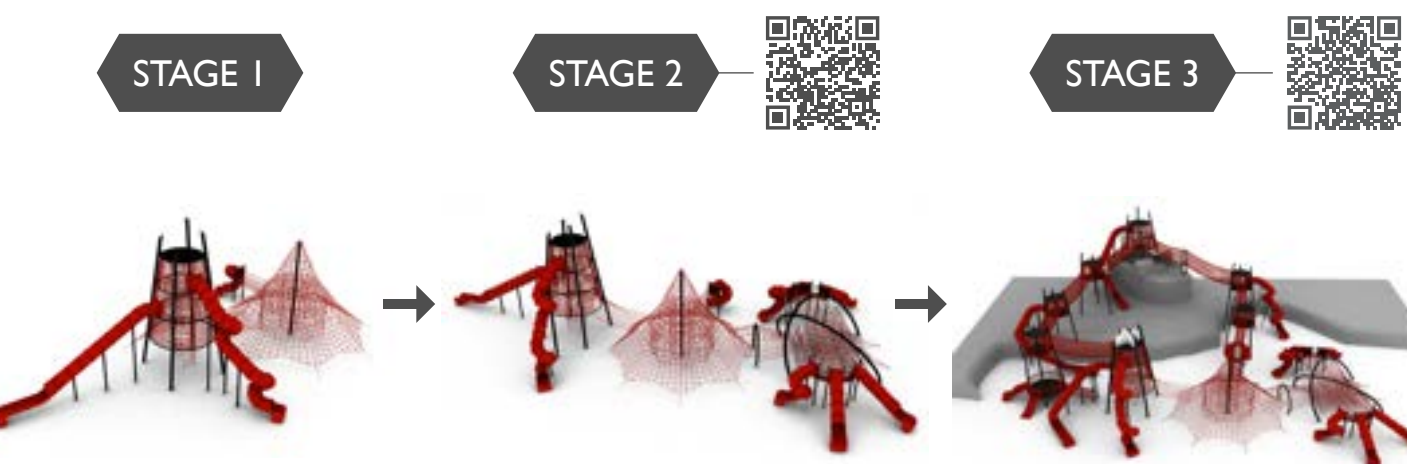

Our devices can be found in 26 markets:

Poland, Germany, Luxembourg, Norway, Finland, Denmark, Sweden, Spain, France, Estonia, Czech Republic, Slovakia, Slovenia, Chile, Singapore, New Zealand, Romania, Italy, Greece, Croatia, Hungary, Lithuania, Latvia, Belarus, Ukraine, Israel.

We completed the first stage of the investment in 2019, the second in 2021 and the third in 2023. We encourage you to watch the films we have recorded - QR codes.
