**DAMMAM, SAUDI ARABIA** – Ferco Seating has been selected to supply seating for the landmark Aramco Stadium in Dammam, Saudi Arabia—an architectural icon set to host the 2027 AFC Asian Cup, the 2034 FIFA World Cup, and serve as the home of Al Qadsiah FC. The company will deliver seating from its ARC family, including ARC Lite Plus for general spectator areas and ARC One for media zones, providing comfort, performance, and longevity tailored for large-scale venues.

In line with Saudi Arabia’s Vision 2030 and local content initiatives, Ferco also plans to establish manufacturing capabilities within the Kingdom. This move reinforces its commitment to supporting national development goals and delivering world-class stadium solutions built with local expertise.
