STORAGE SOLUTIONS THAT
impress

Tool trolleys, workbenches and more

STAHLWILLE®

TTS93 – Tool trolley

The TTS93 proves that there are basic models with which you do not have to compromise on quality and configuration. The series impresses with a two-stage safety concept, full-extension drawers with ball-bearing cage guides, high load-bearing capacity and an ergonomic working height of 100 cm. Includes an individually adjustable paper roll holder for paper rolls up to 30 cm wide.

The TTS93 is available in red, blue, and anthracite and with 6 drawers!

Central locking by means of cylinder lock with folding key. The anti-tilt feature makes it impossible to pull multiple drawers out simultaneously.

Oil and acid-resistant smooth-running wheels (Ø 125 mm) with fibre guards to protect the bearings from dirt and fibres; with two parking brakes.

100% Full extension runners allows all drawers to be pulled all the way out. In combination with STAHLWILLE TCS inserts or the variable drawer dividers, you will always have a clear view of the contents.

High static load-bearing capacity of up to 500 kg. The bottom drawer has a load capacity of up to 45 kg!

TTS93 – Top Box

For people who want flexibility. The practical TTS93 TOP BOX can be used either individually, on the matching caddy, as a top-mounted box for the TTS93 tool trolley or on the shelf in the workshop. With its four drawers, the TOP BOX provides an additional tool storage option. The TOP BOX is only available in black.

What's inside? Get all of the information here:
Simply go to www.stahlwille.com, enter the code number in the search field and you'll be given an overview of the entire tool range.

Matching caddy – outstanding mobility thanks to 4 swivelling castors, two of which with a parking brake. Purchase separately.

Need more room? Simply stack multiple Top Boxes on top of each other – you can also do so on the Caddy.

For all those who want more. The Top Box can be used on the TTS93 tool trolley. For even more storage space.

TTS95 PRO – Tool trolley

The TTS95 PRO is the premium all-rounder, providing a wide range of highlights such as fully extendable drawers, a three-stage safety concept, and all-round impact protection with shock absorbers. The securely welded and structured stainless steel worktop is particularly practical. It is resistant to scratches and prevents liquids from penetrating into the interior of the trolley. Always handy: the paper roll and spray can holder. This model features a high static load-bearing capacity of 750 kg.

The 95 PRO tool trolley is available in red, blue and anthracite!

Three-stage safety concept:
Central locking with recessed cylinder lock located on the side. Together with the folding key, this provides protection against injuries and damage. The individual locking mechanism prevents unintentional opening during transit – the anti-tilt protection prevents multiple drawers from being pulled out simultaneously.

100%

All drawers are 100% extendable thanks to the full-extension runners. In combination with STAHLWILLE TCS inserts, you will always have a clear view of the contents.

Oil and acid-resistant smooth-running wheels (Ø 125 mm) with fibre guards to protect the bearings from dirt and fibres; with two parking brakes.

TTS98 PRO – Tool trolley

For everyone who wants – and needs – more. The large-volume TTS98 PRO provides 100% more premium quality drawer capacity than the 93 and 95 PRO models. With a static load capacity of 1,400 kg, a securely welded stainless steel top tray, and many other features, there's no room for compromise – but plenty of room for more tools. Includes paper roll and spray can holder, as well as all-round impact protection and shock absorbers. This model is available in three colours and with two drawer configurations.

The 98 PRO tool trolley is available in red, blue and anthracite!
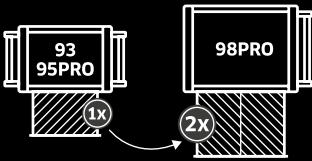

A space miracle. The 98 PRO tool trolley provides 100% more drawer volume compared to the 93 and 95 PRO models.
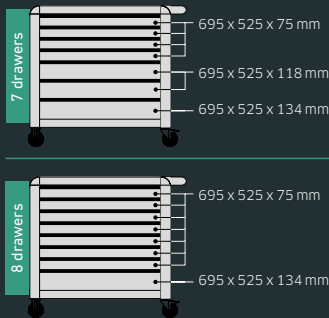

Three-stage safety concept:
Central locking with recessed cylinder lock on the side. Together with the folding key, this provides protection against injuries and damage. The individual locking mechanism prevents unintentional opening during transit – the anti-tilt protection prevents multiple drawers from being pulled out simultaneously.

WB621 – Workbench

Thanks to two full-width XXL drawers, 5 additional drawers and the cabinet section, the WB621 workbench provides plenty of storage space and equipment features which make every day work easier and more efficient. Particularly comfortable: the FSC-certified birch multiplex worktop with a working height of 104 cm. Includes an individually adjustable paper roll holder for paper rolls up to 30 cm wide. There are also two cable outlets and a cable duct on the rear panel.

Optional laptop holder available to purchase separately.

The workbench can also be equipped with an E-kit consisting of a switchable 3-way socket with two USB ports, including magnetic safety lock and a cable holder.

XXL
115 cm wide | 7 drawers | 3 cm thick birch multiplex worktop

Working height of 104 cm

Three-stage safety concept: Central locking with recessed cylinder lock on the side. Together with the folding key, this provides protection against injuries and damage. The individual locking mechanism prevents unintentional opening during transit – the anti-tilt protection prevents multiple drawers from being pulled out simultaneously.
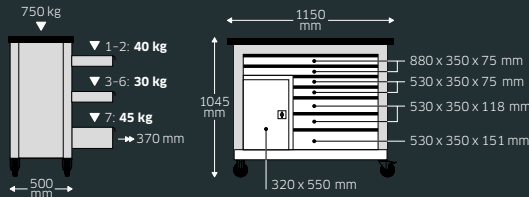

The cabinet section features a height-adjustable shelf (adjustable in 7 cm increments), two rubberised cable outlets, and an removeable cable duct on the rear.

Oil and acid-resistant smooth-running wheels (Ø 125 mm) with fibre guards to protect the bearings from dirt and fibres; with two parking brakes.

WB625 – Workbench

With seven extra-wide drawers, the WB625 workbench provides maximum storage space and is also extremely robust. Extra comfort: the birch multiplex worktop with a working height of 104 cm. Includes an individually adjustable paper roll holder for paper rolls up to 30 cm wide.

The WB625 workbench offers significantly more drawer volume compared to the 93 and 95 PRO tool trolley.
In addition to the 3/3 insert, a 2/3 insert can also be added.

XXL
115 cm wide | 7 drawers | 3 cm thick birch multiplex worktop

Three-stage safety concept:
Central locking with recessed cylinder lock on the side. Together with the folding key, this provides protection against injuries and damage. The individual locking mechanism prevents unintentional opening during transit – the anti-tilt protection prevents multiple drawers from being pulled out simultaneously.

XXL
Everything in XXL. The seven removable drawers with full extension and a width of 880 mm provide lots of storage space. The multiplex worktop is not only extremely large (1150 x 500 x 30 mm), but is also FSC-certified.

104 cm
Only from STAHLWILLE: Worktop height of 104 cm for comfortable working. The sturdy construction and the birch multiplex worktop provide the durability that is typical of STAHLWILLE.

Oil and acid-resistant smooth-running wheels (Ø 125 mm) with fibre guards to protect the bearings from dirt and fibres; with two parking brakes.

TOOL TROLLEY 13217 –
Systematic Tool Storage.

The remarkably robust and heavy-duty tool trolley 13217 from STAHLWILLE provides well thought-out details for intelligent tool storage, and is particularly suitable for professional use. The tool box comes with 5 drawers in three different heights as standard. These can be inserted in any order and include a pull-out stop. The 13217 also has a removeable cover on the top and the front. The top cover is lined with dimpled foam to hold the tools securely in place. The tool trolley is resistant to Skydrol, acetone, petrol and hydraulic oils, therefore also making it ideal for use in the aviation industry. The load-bearing capacity is 60 kg.

With trolley function

The 13217 tool trolley is available in luminous red, luminous yellow and jet black!

Code 98814924
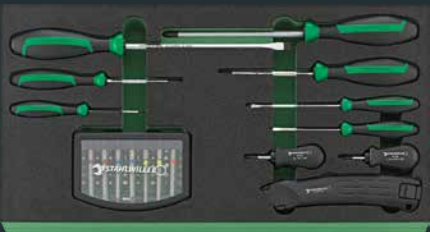

807/5
The 160-piece premium tool set is also available without the tool trolley.
Code 97842804

The tool trolley has a removable tray with two handles and two transparent drawer lids with which the drawers can be used as a separate tool box.

The extendable telescopic handle, the two side carrying handles and the two smooth-running double castors on the telescopic handle side ensure easy transport during mobile use.

The 31217 tool trolley comes equipped with an integrated lock. This model can also be ordered with 5 drawers in black with wrap-around reflectors – for additional safety when working in dark environments.
