

**Maximise Creativity, Idea Sharing &
Encourage Effective Communication**

Smarter Surfaces Magnetic Plaster is the best high performance magnetic surface solution.

This high performance magnetic plaster is ideal for overcoating with other materials such as wallpapers, paints, vinyl's and fabrics, whilst still maintaining its magnetic pull. It is able to transform any wall into a smooth and magnetic surface that any magnet can adhere to.

Features:

- A **high performance, commercial grade** magnetic plaster of any size designed for meeting rooms, classrooms and workspaces
- Contains **75% magnetite**, making it the **strongest magnetic product** that can hold 8 plus A4 pages with just one magnet
- Come in Matte dark gray
- Able to be overcoated with paints, wallpapers, fabrics and vinyls
- **High quality and durability**
- Environmentally friendly due to its **low VOC, solvent-free, and isocyanate-free** properties (VOC: 12g/litre)
- Suitable for commercial interiors
- Does not interfere with WIFI or electronic signals
