

NANTO COLLECTION

Essence of craftsmanship, the Nanto armchair draws its inspiration from the slender shapes of the wings of a butterfly and its coloured spots, often at the center of the wings. The production process, largely manual, highlights the wood of Teak, a raw material that has always been more valuable and refined for outdoor furniture, and enhances the beauty with a skillful processing. The organic design of this chair makes the wood veins vibrate, nature and the hand of man work in symbiosis enhancing the soft and warm character at the same time. A deep love for finishings and workmanship that only master craftsmen know how to make.

“Garden living” by Il Giardino di Legno

The trademarks of the collections by “Il Giardino di Legno” are the attention to details, the use of materials worked with the higher skills and the plot between innovation and tradition.

Thanks to the partnership between different companies and the continuous presence in international events, the brand is today distributed in over 50 countries throughout the world, from the USA to Japan. It has become a leading player in outdoor furniture market. The important know-how acquired throughout the years and the ability to manufacture specific items for any different design reality has led to continuative partnerships with important architectural and design firms to realise high-profile projects all over the five continents.
