

OUTLINE COLLECTION - designed by CRS SILAT

The Outline collection, in Teak wood, harmonizes clean geometric lines with sinuous curves, creating an example of furniture with a great visual balance. The herringbone pattern of the sun bed, contained in the oval profile, and the Terrazzo table top, contribute to create a sophisticated look that brings back to the Venetian polychrome floors that from the late 500 to today have been able to adapt to the styles of different eras by capturing the eye and harmoniously integrating into a variety of environments. This collection is ideal for those looking for a decor that goes beyond traditional boundaries, combining distinctive elements to create a style unique for its timeless elegance.
