

RACCONTI COLLECTION - designed by CRS SILAT

The Racconti collection transforms the space into a place where stories come to life. The atmosphere created invites sharing and connection, while the intrinsic beauty of Teak wood adds a touch of rustic luxury. The armchair, icon of elegance and comfort in the open air, has been studied in the shape and size of each component, to ensure an incomparable seating experience, even without a cushion. The armrests, which with their double function provide the ideal support for a drink, are designed for those who want to live a relaxing and inviting space, perfect for chats around the fire, immersed in the warm atmosphere of shared stories. The fire pit, a distinctive element made of Teak wood and stone brings design, functionality, warmth and elegance. The central dancing fire becomes the focal point, attracting attention and creating an intimate and welcoming environment.
