ABOUT US

CSI Luxury Floorings is a well-established luxury carpets and rugs manufacturer, having achieved the highest level of expertise in carpet and floor coverings, and gaining international recognition for the style and quality of its products.

Carpets used to have a purely functional value years ago, however, in today's world, carpets offer a defining foundation for interior schemes in the home, work places and hotels. CSI creates luxury floor coverings for some of the most prestigious residences, retail outlets, boutiques, hotels and commercial offices around the world.

Headquartered in Daya Bay, China, and branch offices in HK, Macau, Dubai with installations, we are a modern custom carpet and rug company that is rich in resources, and sell globally by manufacturing a comprehensive range of one of a kind Hand Crafted carpets and rugs, luxury handmade Wiltons, and wall to wall Axminsters.

Virtually every option is a possibility, even short runs of one off designs. We not only ensure that the price of such carpets remains economically viable, we also make certain that we put the same standards when dealing with any size order.

CSI is the “on the ground” extension of your business ensuring a total service from consulting needs to delivery with clear service levels that maintain consistency, continuity and on time delivery. The finest carpets deserve the finest service and because the entire process from designing, spinning, dyeing and manufacturing takes place in our own mills, we guarantee the

exceptional quality that the world's most discerning and innovative designers, architects and wholesale agents have now come to expect.

CSI Floorings is a unique resource for luxurious hand-made carpets and rugs with operators throughout the United States, South America, Europe, United Kingdom, Middle East, Asia, Africa, Australia and New Zealand. From the skilled hands of production staff, a wide range of colors and textures are made on site and have enhanced commercial and private properties around the world.
