

PRESS RELEASE

FOR IMMEDIATE RELEASE

Nonthaburi, Thailand - August 01, 2025

Awa Decor, a Thailand-based brand committed to natural living and responsible craftsmanship, introduces its latest collection of chemical-free teakwood tableware made from sustainably grown plantation teak.

With a mission to combine beauty, functionality, and sustainability, Awa Decor's products are meticulously designed for full wood utilization - ensuring that no piece of material goes to waste. Each item is hand-finished to enhance the natural grain of teak, while remaining food-safe, elegant, and flexible enough for everyday use across all lifestyles and occasions.

"Our goal is to create products that feel warm and honest," said Watcharaporn W., founder of Awa Decor. "By using teakwood cultivated without chemical exposure, and by upholding eco-conscious production, we ensure each piece carries both aesthetic value and environmental responsibility."

The brand's signature pieces include blossom-inspired plates, ergonomic trays, and handcrafted utensils - all combining a minimalist look with thoughtful, timeless form.

Awa Decor's collection is now available at selected lifestyle stores and online at www.awadecor.com.
