ABOUT BALLOONIA

We currently have more than 10,000 m² of state-of-the-art facilities and machinery, both for manufacturing, packaging, and for printing balloons. This year we have managed to reduce the environmental impact with the installation of photovoltaic panels, achieving an important standard carbon saving.

WHY BALLOONIA?

We manufacture low n-itrosamine balloons, high color intensity and resistance. Hispánica de globos, S.L. has acquired the commitment to continuously improve the effectiveness of the quality management system developed, carrying out periodic reviews of it. That is why the management of Hispánica de globos, S.L. the commitment to carry out this policy is assumed, establishing a Quality Management System in accordance with the UNE-EN-ISO 9001 standard.

Balloonía balloons comply with the parameters of Directive 2009/48 on Toy Safety.
