#### Alan Caray Redefines Quality Building Solutions with Premium Sanitary Wares, Waterproofing, and Pipes

**Lagos, Nigeria** – Alan Caray Technical and Logistics Limited, a leading supplier of premium construction and building solutions, proudly announces the expansion of its product offerings in **sanitary wares, waterproofing systems, and high-performance pipes**. With a strong commitment to quality and innovation, Alan Caray continues to set new benchmarks in delivering durable, luxurious, and efficient solutions to the construction industry in Nigeria.

From world-renowned brands such as **Dornbracht, Villeroy & Boch, and Grohe**, Alan Caray supplies a wide range of elegant **wash basins, faucets, bathtubs, toilets, and accessories** that combine style with long-lasting functionality. The company also provides **advanced waterproofing solutions**, from **Bostik** including sealants, membranes, and protective coatings that ensure structural durability and guard against water damages. Complementing this is a robust line of **pipes and fittings**, from **Henco** engineered to support efficient plumbing systems across residential, commercial, and industrial projects.

At Alan Caray, we believe that every project deserves the highest standard of products. Our mission is to provide builders, architects, and homeowners with trusted solutions that bring together **luxury, reliability, and sustainability**.”

With years of expertise and partnerships with some of the world’s most trusted global brands, Alan Caray remains a dependable partner for contractors and clients who demand excellence in both design and performance making us a one stop solution for all your construction needs
