

# SEE BEYOND LIMITS

Comprehensive Drone Service  
and Geospatial Services for Industry

# Comprehensive Drone Service for Industry

Service Category	Key Offerings
 Survey & Mapping	Drone photogrammetry, LiDAR surveys, 3D modeling, topographic surveys, inventory mapping, digital twinning, smart city development, multispectral imaging, and more.
 Inspection	Flare inspection, powerline inspection, storage tank inspection, boiler inspection, communication tower inspection, UT spot thickness measurement, CUI (Corrosion Under Insulation) checks.
 Surveillance	Security monitoring, safety violation detection, emergency response, oil spill response, routine perimeter surveillance, parking area surveillance, and more.
 Environmental Monitoring	Environmental impact assessments, air quality monitoring, methane detection and quantification, greenhouse gas (GHG) monitoring, water sampling, and related services.
 Geophysical Surveys	Ground-penetrating radar, aeromagnetic surveys, electromagnetic surveys, and more.
 Agriculture Services	Land parcel mapping, tree health assessments, soil analysis, flood assessment, targeted pesticide spraying, blanket chemical spraying, seed spreading, and more.

# Integrated Geospatial and Remote Sensing Services

Service Category	Key Offerings
 Data Collection	Topographic surveys, underground utilities surveys, bathymetry and hydrology surveys, laser scanning and digital twinning, CAD & BIM modeling, and more.
 Remote Sensing & GIS	Satellite imagery provision and processing, GIS database development, GIS application development, data extraction, land use classification, location analytics, route optimization, and more.

*Driving the Future of Enterprises with Drones*

**Riyadh Office**  
Prince Saud bin Abdullah  
bin Jalawi st, Al Qirawan,  
Riyadh 13533, KSA.

**Dhahran Office**  
Dhahran Techno Valley 8783  
Ibn Al Haitham St, Dhahran  
34464, KSA
