Barj Global Vietnam Joint Stock Company Expands Global Footprint in Wood Exports

Hanoi, Vietnam – April 24, 2024

Barj Global Vietnam Joint Stock Company, a leading exporter of MDF, plywood, veneer, and timber products, proudly announces its strategic expansion across key global markets including India, Australia, the Gulf, and Africa. Backed by over 25 years of industry expertise, the company is committed to supplying top-grade wood products directly from Vietnam, Cambodia, Indonesia, Uganda, and Laos—ensuring consistency, affordability, and on-time delivery.

“Our goal is to create a seamless bridge between reliable Asian manufacturers and growing international markets. At Barj, we believe that customer satisfaction and market trust are the cornerstones of global success,” said Mr. Srinivas Mogili, Founder and Managing Director.

Barj’s global supply chain is further strengthened by its parent brand’s expansion into the UAE under Barj Global Source FZE, which serves as a central distribution hub for the Middle East and Africa. This development not only enhances operational efficiency but also improves responsiveness to shifting market demands across continents.
