

The Sigma logo is positioned in the top right corner of the advertisement. It features the word "sigma" in a white, lowercase, sans-serif font. The logo is set against a background of industrial machinery, specifically a green and white machine with a yellow and black striped safety guard. The machine's components, including a handle and various pipes, are visible in the background.

Selling your machine is simple

- You provide details of the machine along with quality photographs
- A price is agreed based on our price finder tool
- Once a buyer is interested, we buy the machine from you
- A deposit is made to reserve the machine and it's removed from sale
- You receive the full amount agreed/negotiated
- The machine will be collected and delivered to our customer

We give you the **value** your asset deserves

Through Sourcing Expertise and Machinery knowledge, Sigma is able to support you with the sale of used Piling and Drilling Machinery.

Whether you're looking to sell a single rig, or have a fleet of machinery, our sourcing team is experienced in assessing machinery to deliver fair value to you, and can assist with shipping, importation and regulation to get your machine sold.

Selling your machine is simple, there are no hidden fees, in fact we don't charge you at all.
