

The Sigma logo is positioned in the top right corner of the advertisement. It features the word "sigma" in a lowercase, sans-serif font. The background of the entire advertisement is a photograph of industrial machinery, including a large metal component with a spiral design, set against a sky with soft, white clouds.

We won't let you down

We champion quality

We work hard to make sure our exclusively sourced machinery comes from suppliers we can trust and who won't let us down. We only sell the finest quality machinery and parts.

We are thorough

Our pre-shipment checks include performing full clean downs, de-greasing, function testing, engine servicing, replacing worn or damaged parts, certified inspections and more.

The only Guarantee of it's kind : Machines that work on arrival, or Sigma pays

Our personal guarantee and binding promise to you is that we guarantee you can take any machinery you buy from us straight from delivery to the job site with no downtime.

That's been our promise to our customers for 50 years and we stick by it every single time.

We're so confident nothing will go wrong that if there is any issues, like a defect or the machine not operating on arrival, just send us the invoice.
