

**EVERY SURFACE,
EVERY SHADE.**

PRODUCT PORTFOLIO

THE POWER OF SURFACE.

DAW GROUP

In over 130 years the DAW Group has grown throughout Europe to become the largest private manufacturer of architectural paints with strong brands and innovation in paints, insulations and building protection. We are the market leaders for construction paints in Germany and Austria. We are the third largest company in Europe within this segment. The group is headquartered in the northern Odenwald region of Germany. The successful growth of our family company is primarily due to our innovative workforce and the close relationships we nurture with our customers. We feel proud of our ability to understand the different needs of the markets we serve.

We value and strive to maintain the trust and satisfaction of our customers and are committed to using our international knowledge and experience to continuously develop innovative products and services. We hope that our customers in the region can enjoy the best of German paint technology and use it to better protect and design their living, recreational and workspaces.

CAPAROL MIDDLE EAST & AFRICA

For decades, the striped elephant has been synonymous with reliability, technical expertise, and outstanding product performance. Manufactured and distributed worldwide, Caparol is the premium brand of the DAW Group and the market leader for coating systems in Germany and belongs to the leading brands in Europe.

With 25 years of experience in the Middle East and Africa, Caparol develops high-quality paints, plasters, enamels, glazes, decorative interior wall coatings, products for architectural heritages, conservation projects, and insulation technology.
