UNICO SERIES  
Welcome to Our World,  
**Where Aesthetics Meets Security**

# Bringing Unique Concepts to Life

## UNICO SERIES

Every great design begins with a vision, and turning vision into reality takes more than intent. It takes collaboration, creativity, and control. That's why we don't just design—we manufacture. With a dedicated in-house R&D team, a passionate team of architects, and experienced design engineers, we work hand in hand to push the boundaries of what fencing can be.

Each UNICO fence is a result of this synergy.

More than just a boundary, every fence enhances its surroundings—bringing security, elegance, and architectural expression into perfect alignment.

When you choose UNICO, you're choosing a partner that understands your vision and has the capability to deliver it—end to end.

# A1 Fence Arabia

## The Legacy Behind UNICO

If you've ever admired a fence that's more than just a boundary—one that feels like a seamless part of its surroundings, balancing strength with elegance—there's a good chance it came from us.

For  
**25+**  
years

A1 Fence Arabia has been at the forefront of perimeter security

Trusted across  
**5,000+**  
projects

protecting international borders, government facilities, industries, commercial spaces, and residences.

### • A Legacy of Trust

Decades of expertise, a global footprint, and partnerships that stand the test of time.

### • Engineering Excellence

Precision-crafted with robotic welding, modular systems, and advanced powder coating for superior durability.

### • Design That Protects

Because security should be as aesthetic as the spaces it safeguards. We saw a world where security and design often stood apart. So, we brought them together.

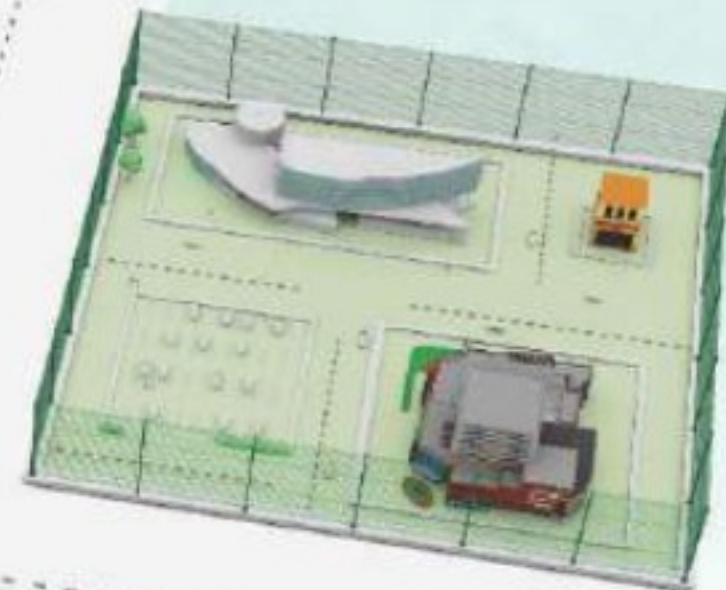

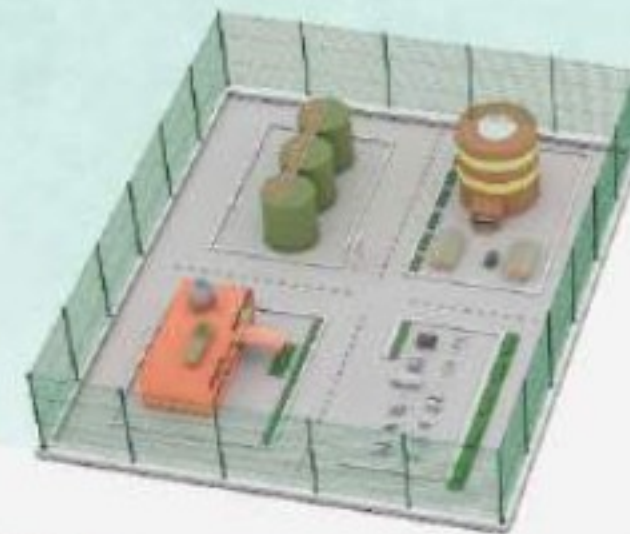

UNICO is our next step forward -

Where your boundaries become your masterpiece.

PULL BOTH SIDES & STEP INSIDE

A Walk Through Spaces,  
Defined by Fences.

The 3Q's Approach:  
Where

Design, Strength &

Service Converge

Every fence tells a story—not just of security, but of vision, precision, and trust. At A1 Fence Arabia our philosophy is built on the **3Q's**—a commitment to **Quality Design, Quality Products, and Quality Service**—ensuring that every solution goes beyond mere protection to become an integral part of the spaces it defines.

#### **Quality Design**

Security shouldn't disrupt aesthetics. Every A1 Fence Arabia solution is engineered with design sensibilities that seamlessly blend into landscapes—whether it's an industrial facility, a luxury estate, or an urban infrastructure project. Every curve, weld, and finish is intentional, aligning function with form.

#### **Quality Products**

Every A1 Fence Arabia solution is engineered for

resilience, combining advanced materials with precision manufacturing. Whether it's high-tensile welded mesh, impact-resistant barriers, or intelligent intrusion detection, each product is designed to endure harsh environments, resist breaches, and maintain structural integrity over time. Tested to global standards, they don't just protect—they perform.

#### **Quality Service**

A fence is only as good as the trust behind it. That's why A1 Fence Arabia goes beyond

manufacturing to offer dedicated service—right from consultation to installation and post-deployment support. Every project is a partnership, ensuring that what's installed today continues to protect tomorrow.

# OUR COATINGS

The foundation of  
longevity & confidence

At A1 Fence Arabia, our commitment to excellence goes beyond just creating robust security solutions. It extends to every layer of protection we offer, starting with our superior powder coating competency—a sacred aspect of our manufacturing process that ensures our products stand the test of time.

For over 15 years, we've honed our

expertise in certified specialty coatings, ensuring our products not only meet but exceed industry standards, even in the harshest environments ensuring that every product is perfectly suited to its intended application. By working closely with powder OEMs, we've developed coatings that significantly enhance product quality, longevity, and performance.

Types of powder  
coatings offered-

## POLYESTER POWDER COATING

(Thermoset Compliant  
to BS EN 13438 - C1, C2,  
C3)

Designed to offer long-  
lasting protection in  
less severe corrosion  
environments.

## THERMOPLASTIC COATING

(Compliant to BS 1722 -  
C4, C5, C5X)

Ideal for more extreme  
conditions, providing a  
resilient shield against  
the most adverse  
environments.

## BUILT TO LAST: A DECADE OF CONFIDENCE

Our confidence in the durability of our products is reflected in our 10-year warranty. This assurance is made possible by our superior coating process, which ensures that every fence, gate, or barrier we produce is protected against the elements and remains as pristine as the day it was installed.
