THE EXOTIC RICE
JOURNEY FROM PLANET TO PLATE

1st form: PADDY

Farmers bring their paddy to local
market for sale

The image shows an industrial facility, likely a mill, with several large, grey, rectangular silos or storage bins. A tall, narrow silo is prominent on the left, with a smaller one next to it. A complex network of metal walkways and ladders connects different levels of the structure. In the foreground, there is a large, dark, covered area, possibly a loading dock or a storage shed, with a wooden frame. Underneath this cover, there are several large, round, brown objects, which appear to be bales of material, possibly cotton or wool, stacked in rows. The sky is overcast and grey. The overall scene is industrial and somewhat somber due to the muted colors and overcast sky.
