

THE COMPANY

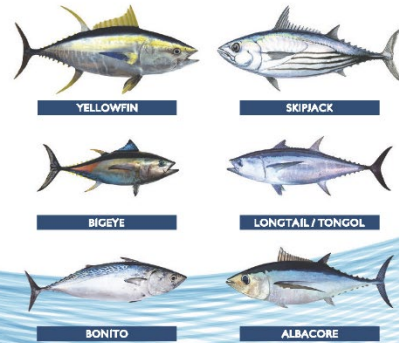

Since 1993, S.P.A. International Food Group, is strategically located 80km from Bangkok, the country's capital, and main exports gateway. The company is structured from the ground up as an international company, possessing vast experience in the canned food production industry.

Covering over 50,000 sqm, our factory produces and exports over 5,000,000 cases of canned tuna worldwide. With 25 years of experience, our products and services are considered among the best in the highly competitive canned tuna market.

Our customers can order products as designed and labeled by us, our tailor-made products in which every aspect of the product's packaging, labeling and nutritional composition can be customized to their requirements.
