PCM M1500

Why choose Marques' Weighbridges?

QUICK INSTALLATION

In just one working day, it's possible to complete the installation of the weighbridge guaranteeing that in the same day is ready to weigh.

INTERNAL BETONAGE PROCESS to guarantee the highest quality and finishes.

STRUCTURE STRENGTH

MINIMUM MARGIN OF ERROR

The load cells of our scales are leveled and preassembled mechanically, ensuring maximum accuracy and eliminating errors at the moment of assembly.

EXCELLENCE IN PAINTING

Our weighbridges are painted in temperature controlled Paint Booths, as is the case with automotive paint, ensuring durability and excellence.

Weight control of vehicles, without leaving the vehicle and wherever you are, through your Smartphone with the Quilo APP.
